AI CHAT TRANSCRIPT

Group 7 CW1 – Treasure Planet Ship design

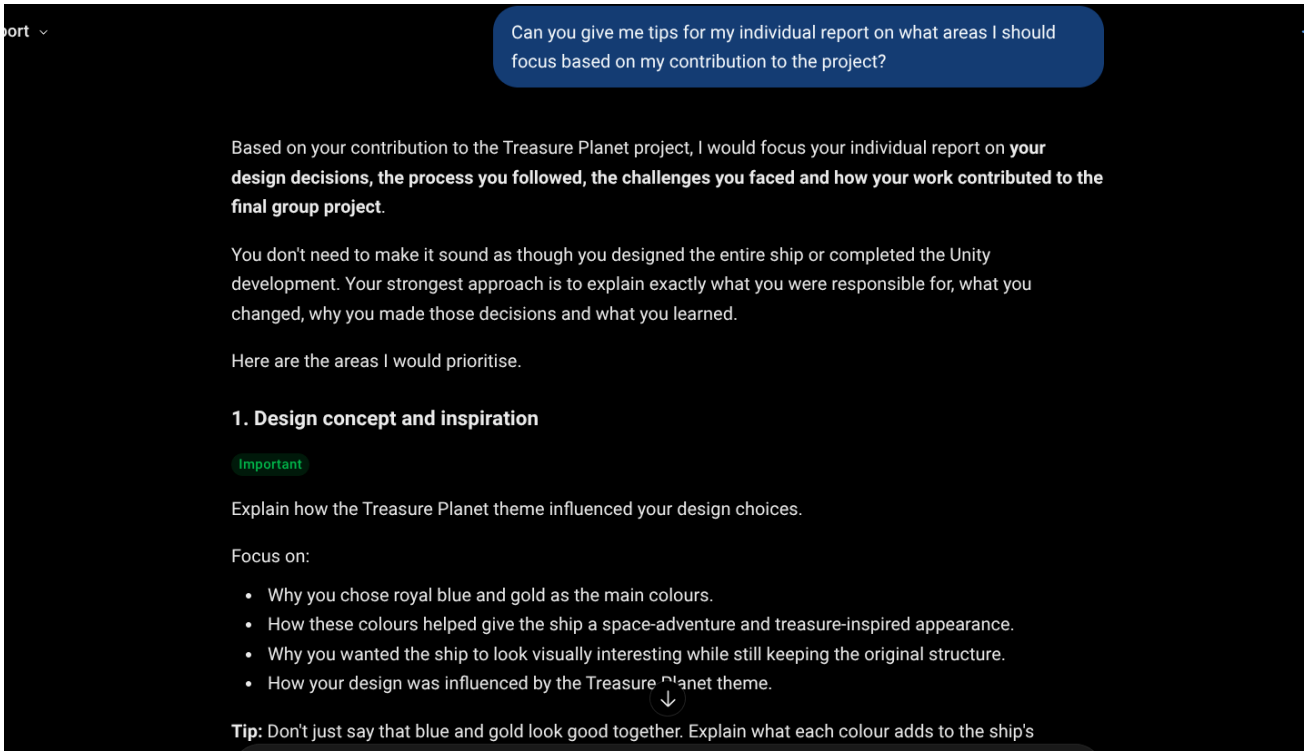

Student: Tabitha Kajendran **Student ID:** w2177362

1. Suggestions for the ship colour scheme

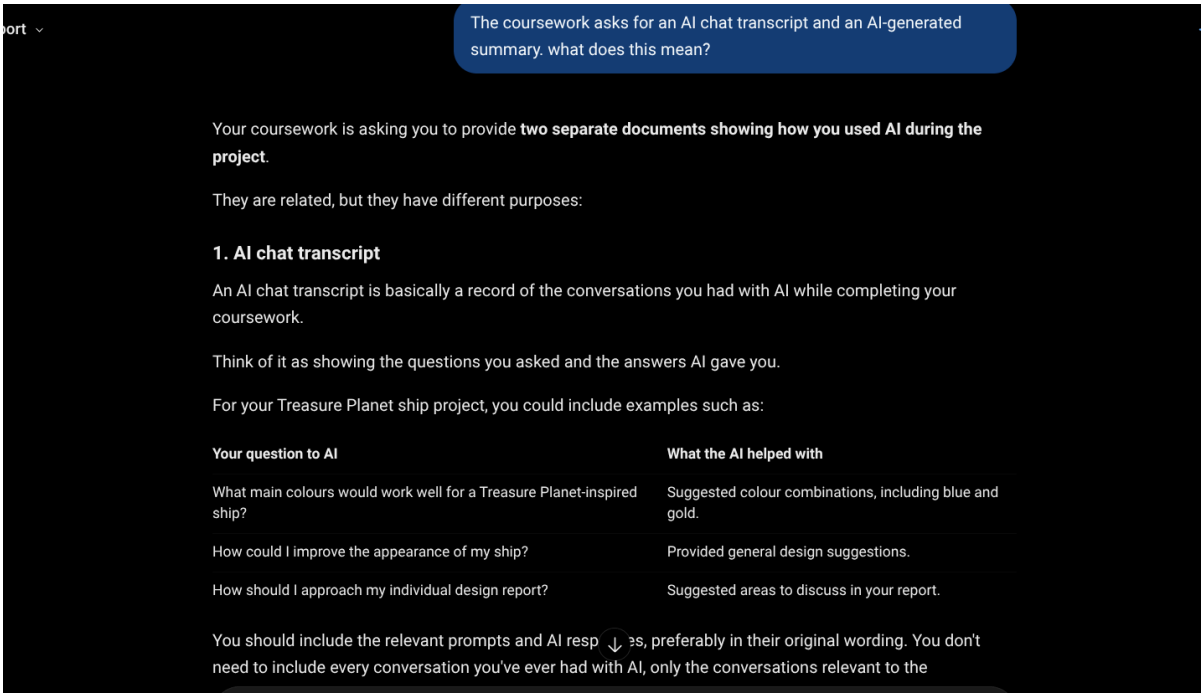

How I used this guidance: I considered the suggested combination and chose royal blue, gold and white for my own design. I made the final decision and applied the colours myself in Mecabricks.

2. Tips on my Individual Report

How I used this guidance: I used the feedback to identify areas I could review in my own writing. I remained responsible for writing and revising my report.

3. Understanding AI documentation

How I used this guidance: I used the explanation to understand what evidence to prepare for the AI documentation section.
